

COMMUNITY SNAPSHOT TESTING

COVID-19 ASYMPTOMATIC SELF-TESTS

TESTING PROCESS

Testing is free: no insurance needed, just provided your name, address, email and phone number.

NO APPOINTMENTS NECESSARY: FIRST-COME, FIRST-SERVED BASIS

The nasal swab is minimally invasive;
it does NOT go deep into the nasal cavity.

RESULTS

If you test positive for COVID-19, you can
also expect to receive a phone call from a local
health official with further guidance
within days.
If you test negative

If you have concerns/haven't heard back
within days, please call .

GENERAL INFORMATION

We encourage front-line workers to get tested.
Testing is for asymptomatic members of the public.
If you have COVID-19 symptoms, please go to your
local ER or call your primary physician.
